START INSPECTION						

For a Driver:

- Tap the "DOT Inspect" icon to open an inspection menu.
- Pass the device to the roadside inspector.

For an Inspector:

- Choose the date to be inspected using a calendar to see all the data regarding a vehicle, driver, and carrier recorded by the ELD for the date you selected. Graphs depict the status changes and the table shows details for each event.
- Tap the "Start Inspection" button to launch the inspection process.

To send the data to safety officials you need to tap **"Transfer Data to the Roadside Inspector**".

Here you will see the list of all the co-drivers operating the same truck during the last 8 days period.

After that, you will see 3 data transferring options to choose from:

- Web Services (FMCSA);
- FMCSA email;
- Personal email (provided by the roadside inspector).

If you select Email (Personal), you need to select your country (for America it is USA). Then you need to enter the recipient's mailbox.

Note: if you face any problems, feel free to contact our support team at +1 (615) 900 55 51, or mail us at email: clubeldprovider@gmail.com

Here you have two options to send the logs: choosing "Generate Report for Today" or "Generate Report for the last 8 days".
